RENÉE MARIE BUMB, U.S.D.J.

Chief Judge Renee Marie Bumb

Dear Judge;

Good Day to you. As for me and my personal property, Still, They Kept Some of it from me. Two Sections of my Trial Transcripts, both Sections Had prior arresting officers Testifying, "among others" and one of the Documents, Like the other, Had a Heavy duty staple in them, and a Black and white Copy of Rule 16, (around or about 73 pages) is missing as well. Between both stacks of Trial Transcripts, about 400 pages.

Also, a pair of Sweats pants I had Since 2013, which I traded with a fellow convict for a pair with pockets. The old Score7 Tablet and head ear buds, Tablet, which they broke/cracked the Screen, ear buds, ~~gone~~. The new one, both the brand new Skull Candies (baught on 10-1-24) two days prior to me Leaving U.S.P. Florence, and the new Score7 Tablet, gone.

Inclosed, please find a reciept of both purchase Score7 Tablet, and Skull Candy ear buds. The food, I dont care about because The Soap Taste was in

The food. One thing I do know, is that protocol is that property, when arriving to an Institution is supposed to be opened in front of the inmate, but some people waste a new box, and take what they want before transfer of property. Reason I can say this to you is I had buddies who worked in R&D and they would come to the unit with stuff, Radios, cloths, etc. from other people property. They even use SHU orderlys to steal from people. Always on property slips, you see written on the top of the property slip, "InSecured." That be lies, Just an excuse for allowing inmate to steal.

I tried to file a Tort-claim to Dublin California for \$187.40, They never responded. (please see Receipts/proof of purchase) I know that it, by the Receipts is out Dated, but I had some of that stuff for years, Such as those grey sweats. I cant get back the rightful time that I lost, and certainly This is the only institution that for so long, this is/Has happened in.

A R&D officer Locas, Said to me, "You Cant have two Tablets." I explained to him, How the first one became "nonoperatable", and How I had to go through the chief Administration/Warder to buy another. While I cant do nontin with the first one, I still paid \$1.18⁰⁰ and change for it. Now, The newer one, Cost \$131 and change, and I lost that to a group who Dont like to stop playing/loosing other people stuff.

Inclosed, please find a copy of ^{App.} page 20, 21, Motion Transcripts (1-15-13) NO. CRIM. 11-410-01, The underlined parts.

Question.

In order to be in "Effective" attorney, why would you Dismiss Something like that, that may have freed your client? Clearly, It states, "that none of the witnesses from the (Blank) that testified before the grand jury will be called to testify in this case..."

That was a clear cutt case. Eather you Dont know that kind of law, but is Qualified to, Dont believe your client based on stereo "Typical" looks, or worst, "Metiforically," Sold me out!

whomever those witnesses are need to come forth for the inforcement of law, and Subpeona's needed to be passed out for Trial and still could be. There were no Immunity given to them and "all!" of a Constitutional Violation accured. Not only the Judge and its courtroom allowed it to happen, but both MR. Michael Huff, and Mrs. Megan J. Davies allowed it as well.

Me, and others as criminals, we get penalized for breating the law but the Courts and A.U.S.A. and Team, Does not because of there Job. I was told that not even the U.S President was bigger then the law.

This institution, U.S.p. Florence, and/or F.C.I. Edgefield even allowed it to happen that they

even stole years worth of Case Law that I used to inquire Some of this knowledge. (prima facie, and 38 page's of Reversed Cases that I had in a number of Manila Envelopes that I had Since 2012 and 2014. (The ~~the~~ contents inside) () Recovered.

If you look on page 3, Line 20, theres words missing that the "Typer" Did, purposely for reasons known, and its throughout my whole intire Appendix. My Life and my time is to Serious to be playing, "Guess" with the Courts.

MRS. Karen Friedlander, on page 1, App. 18 Stated in form of a Certified true and Correct, based on Title 28 U.S.C. Section 753.

Question. Is the Deprivation of Rights a form of, or a prong to unfair prejudice?

I had the right to renew motion of facts, but attorney withdrew from Case after he lost, "purposely" So the unfair started before and after that point. I was not given an attorney and was not responded to when I tried to myself.

Question. If a telephone conference ~~by~~ on the record "by the government", Can it be turned over to the defence or should Immunity be given to all parties?

Options to Look for.

42 U.S.C. §1983

Cases: Ellis v City of Miami Beach (1-6-25)
Younger v Harris, Johnson v Hillquist (1-28-25)
Hatcher v Butler (1-28-25), Bay v Turner (3-19-25)
Miller v Butler 8th Amend. (5-24-24)

Your Honor, I have not a lot of time to Research, Due to Lockdowns, work, Covid-19, and of now, Health problems. Speaking of Health problems, Monday, I See almost the whole compound, who is getting pill line, and a number of men getting K.D.P.s, (Keep on person). I ask officer Avery to go and get mines, He referred me to officer Hazkough, who told me they would bring them to me in the kitchen. Didn't make since to me. An Inmate came to get me from the freezer, I walk to See Ass. Clinical Director Mr. Clint, I ask him, Do you have for Henderson. He said "no." I stood there and waited. Off. Hazkough came to open and The medical personal gave a man his meds. I said to Hazkough, "I asked you to get my Cancer meds. You told me They would bring it to me." The Ass. C.D. said, "You talking to me like that, I don't like how your talking to me." I stated, "I was talking to H.K. (Hazkough)" He stated, "Now, for that, you'll get it when we give it to you."

This Biasness, and Indirect Racism has been happening, but now, Since a officer and an Inmate got into a fight Days ago in the kitchen, Now I'm the one that gets talked to like that, recommended by other officers and inmates, as always. Now, I have to not get my meds. This is what I mean by civil Rights, Racism, Biasness, and Vindictiveness, among other mental abuse, cruel and unusual punishment, Due to me being the only one around me, as of now, going through this because

of another's problem. If you had a bad Day at work, or at home, I'm a Convict, I temporary Live here, This is a place of employment for Him, and me working in the kitchen, for me to. I should not have to come to work, and be "tricked bagged" into a argument, because there Jealous of whatever Happened last week. (Thursday Lunchtime) The reason why so, is because nontin Happens to them inmates and staff will talk up for them, and I made a language called, "Going Dummy", and they take it to far. I have to always loose for people who aint even worth the game, let alone the energy.

I understand that I have to file a complaint for each claim Seperately, but all of this stims from the Same Situation, Just a long line of Different people.

I had a talk with Both Food Administrator MR. Hand and Ass. Food Administrator Anderson, about a Informal Resolution/Complant about one of his officers (which I have been trying to get a copy for personal Record) and they two Spoke on talking to his employee's of perfessionalism, and respect for each employee, among other things, but now, this is where the problem starts. You would think that I'm the problem, And I use to think so, until I started to learn new things and found out, it was not me. Since Feb. 11, 2011, I have never tried to do this, and because of nontin Happening, they allow "pressure to bust pipes" and now, I have to try to fight for my Health, my Sanity, my property, and now, my life. People are Dieing overru.

So often because they have nobody to one for them, among other reasons. They telling me I have to take others problems, Just to get my stuff back. If that's not a form of slavery, mental abuse, etc. I Don't know what else is. Once again, I have been to a number of institutions, but only a few, I have been writing from, complaining about the unjust and all around treatment I have been getting. All the people who want my name, my life, etc. How can you stop this? I'm never nobodies fired, why try to force it, for money, power, I don't even benefit from it, I loose. If you ask me, there whole operation is "in the way of Real' progress." They keep saying I got there, and they keep sending it to me without me knowing, and when I do know, I have to keep saying no to them. If this is a Medical ~~place~~ place for "mental," why I'm I just a man, and there the ones keep relying on me? I'm the Stupid one, let them tell it. I'm the experiment, The Lab Rat, The Science project. It seems like everybody that has somebody they don't like, they force me in with them to treat me as that person. Well if I'm suppose to be that person, who's suppose to be me and what does he do on this type of yard? Everytime they have to find something to do, it's always has something to do with me. "In the way." Sometimes, if I ask for something, to do with the job I have, I have to go through problems for that. I go in the freezer, I work at, when I come out, it's like I'm not me anymore to people.

In conclusion, Your honor, I have not a lot of time on my hands to Research Due to LockDowns, Work, Goudted Fools, and as of now, Health problems. On Monday, July 7, 2025, I was refered to the wrong officer. They Just keep Switching up on me. If everybody stay who they are, for the most part, wont nonthin happen, but when they switch up, all the problems come to me. Im Suprize they have not told me to not bring your Legal work to work, "YeT." Some of them trying to get away with doin Something wrong and forcing me to take responsibility for there actions. Im growing tired of being everybodys punching bag, mental punching bag. If there was ever anybody to see about, it would not be me, but the reasoning that These groups of officers go after me in anyway. The weekend Dont count for us to wait on our "Carry on persons" Meds. but there should never be a officer, or any personal who has the authority to Toy with a mans Health, Life, and Meds. "We'll give it to you when we feel Like it." Inclosed, please See page 4, Letter F & D Section. Being In the SHU for all these years, kept away from legal work, (purposely!) Timing was all the way off and I let it be known. please See Docket entry 17.5, which was the reason for Docket entry number 19. Section D was responsabl for that. Also, There making me or forcing me to Spend money Just to get my stamps back. I have a property Reciept with saying no tableT but I haveint the working one. And it Says that I have my Sweats pants but I had to buy some here and they were not there. My psychology and Medical Records are missing that F.P.D. Ms. McClain Sent me.

I ^{Solemnly} ~~Solemnly~~ Sware That this
Is the Truth.

Sincerely, Jimmil Henderson

U.S. v Vitale, 459 F.3d 190 (2d Cir. 2006) Court failed to conduct post Trial hearing on Juror bias Discovered during Trial.

Note: Me allowing my trial attorney to know that the Ass. U.S.A. Was striking "all" of the negro potential Jurors Durring Voir Dire, He called for a Sidebar and it was never spoken of again.

Costello v U.S., 350 U.S. 359 (1956) Hearsay Evidence of grand Jury witnesses, 591 U.S. 128,

Denied Constitutional rights of Six amendments rights to confrontation of accusers.

Your Honor, How can I show this if they won't free or release the In-Bank-camera-view I tried and asked for, They won't even forward the Grand Jury Transcripts, and being resulted to being forced to go to prison to prison, The stealing of Legal Documents which the authorities (Federal Gov. employees) has a hand in, and the lack of response when a motion is done right.

Note: I sent a motion that was done wrong on purpose, and I got a speedy response: "That's when I knew." They denied a 18 U.S.C. § 3582 (Compassionate Release), mostly because the procedure was wrong, I had no attorney, and I placed in a pool of losers so the wrong people can win. A lot of them does that on all levels, even in Federal Institutions.

As far as my Tablet is concerned, I believe they will either not pay for it, or if they do pay for it, I won't be able to buy another one because they don't sell them here, or, like the other one, it might be a defective one. If I do get it back, it's probably going to be something wrong with it or worst, broken as the first screen was not.

There are a number of ways that I was told that the Courts consider "Bias", when choosing potential Jurors and the striking process. Some of those are as follows;

- Consider how many members of the cognizable Racial group are in the Venire panel from which the petit Jury is chosen,
- Pattern of strikes against Racial groups Jurors in particular Venire,
- Prosecutors statements and questions during Selections as well as any other relevant circumstances.

Ass. U.S.A Ms. Gowan Struck "all!" of the negro potential Jurors besides the ones whom had a (bias) Due to family being arrested.

U.S. v Blotcher, The Court improperly denied defendant race neutral peremptory. (142 F.3D 728)

It talks about Jury Selection and the Courts wrong, so why when I bring it up about Ms. Gowan striking all the negro Jurors, he called for a sidebar, and never said anything?

U.S. v Tucker states That the evidence of Juror bias and misconduct required evidentiary hearing, but the Judge blatantly stated, "I'm not dealing with this right now," And, why Did't my attorney object to it?

McLain v Prunty, states that a Judge must investigate wheather purposeful Jury Selection discrimination occurred. As far as "purposeful", what would be purposeful discrimination for a Jury Selection, as if its Legal, if not then why would the Courts allow them to get away with it?

Wilbon v Beard (426 F.3D 653 (3rd Cir. 2005), Says that the Prosecutor struck all the African Americans, and in my Case, The Same thing happened. How did Ms. Gowan know Who to strike If the ones she didn't strike already had there reason for being biased? Based on presedure, The Questioning of biased was asked after, rather then before the Choosing.

I was not allowed for the Sidebars to come out so Paulino v ~~B~~ Harrison (2008) was clearly out of the question.

Bradley v Harris, states that the defendant improperly excluded from in camera conference, which first ended in me being Superseded.

U.S. v Vitale states that The Court failed to conduct post-Trial hearing on Juror bias discovered During trial.

Note: The Court, as soon as I stated the prosecutors intentions, should have either stopped the Jury Selection process or as U.S. v Vitale states, had a hearing. Another reason why the in-camera-view, and the in-camera-view of the trial its self is needed. I asked and was not denied but was not given the DVD's either. I was never answered. The Sidebars was missing, When I took the stand, that was missing because they Dismissed it without me knowing.

U.S. v Foster, Exculpatory evidence / grand Jury testimony should have been admitted at Trial.

Another reason I want to re-open the in-bank-camera-view, Obtain Grand Jury Transcripts, and Have the Telephone conference. Subpeona whom Testified at the Grand Jury, and personally come to court and See If they Lied, along with a Counter Suit.

Also, Theres Somebody Using my name. All I was Told was he's a photog~~raph~~ Taking. Then there was or is a person who opened a E-mail Service in my name. I dont know Her, or who she is.

U.S. V Cunningham, 145 F.3d 1385 (D.C. Cir.) cert. Denied, 525 U.S. 1059 (1998) Unredacted tapes violated confrontation. If The courts allowed the dismissal of the motion for the tapes, its still violates bAment.

U.S. v Silva, states that the conviction was based on Hearsay, because the Confrontation clause was of a violation of 6 Amendment rights.

U.S. v Ruiz, 59 F.3D 1151 (11th Cir), Says that the Defendant has the right to have the jury instructed on his theory of defense. The problem was, I was never able to talk while the Jury was on there seats, and when I took the stand, I was not allowed to do anything but answer Ms. Govan Questions. I also asked the Judge to address the Jury, He denied me the right when I'm the one facing 30 to Life, not him.

Also, Your Honor, During Sentencing, Ms. Govan stated that she was, "Relying on a letter that the probation office sent her." Based on how she said it, why wasn't it Brought to Court and placed into an Exhibit box? I ask the Judge to ask for a copy or bring to Court, I, once again, got no answer. If you place my whole entire case together, plus all that I have been through, It's nonthin but file play, Broken laws, and "moving me around," So I cant fight my case or get time barred and loose documents.

U.S. v Ryals finds that the Court erred by refusing to appoint new counsel after attorney withdrew. Now, knowingly, After MR. Huff withdrew, Judge granted it, and I asked for post-Trial new counsel, I was not granted counsel and was Denied all after that. I new nonthing of 2255^s and I have starting getting into problems, the more I seeked information as if If I fight my Case, I have to go through a world wind of problems, as I go through every Since then.

hyles v Whitley Says the prosecution failed to turn over Material and favorable evidence, sufficient to change results of Case, Such as the Letter From the probation office, witness sheet from grand Jury, The Actual picture of C.D.S., so the Language wont throw the reader off as far as Weight, if the Informants even have Immunity, Among other Material In Case that could have effected the outcome of the Case and Saved The Federal Government over \$400,000 on Trial. I was the one trying to cop-out but was 'nt familiar with the Firearm.

(I have never been to N.C.)

I really want to catch you up on the Case so we can skip pass alot of whats not needed but at the same time, expose the extreme wrongs that not only happens to people such as myself that falls for Liers Sayings but what is called Systematic placements that,

This system put in place for, "(I can only speak for me at this present time) Me." I personally excepted partial responsibility for me even allowing myself to not only know these kinds of people but deal with these kinds of people. I have to except that because that's all my city has to offer people like myself and it's only a matter of time before they do the same to somebody else, if "know not", done it already.

In Re Grand Jury Investigation, (1995) Says that the Court can even subpoenaed ~~by~~ the grand Jury Transcripts. The ways I see it, we both can do so. I personally want the Grand Jury Transcripts/DVD, The full Visual of The entire trial Dated 1-22-13 through 1-29-13, including Sidebar, and the Telephone Conference dated back to 2012, which ended in a Superseding Indictment, Subpoenaed for the protection of the Constitution and the Amendments it so says. If The Courts and Federal Institutions force the Amendments against us to convict us, why can't we correct it when it's wrongfully used against us.

In conclusion, A lot of this could have been typed, copied, and Sent to Your honor more standard and neater but I have not the funds. Reason, The Food here is "not enough" to get 2000 Calaries, Stamp envelopes, ink pens, and Hopefully, Copy Cards Cost money, Just in Case I is appointed an attorney to actually help me. There is a lot of Cases that can be Sheperdized but certain Cases are no longer on the Law Library, Such as my actual trial. Certain Cases has strong reverse

Swain v Alabama, The attorney never objected to the manner in which the State used its peremptory strikes. Defendant was found guilty by 11 whites and 1 black.

Cambell v Louisiana, White Defendant could challenge Discrimination against black grand Jurors. The question is, How did he know who and what race was his grand Jurors were if he were not present or had the D.V.D's? I have been locked up since February 18, 2011, I believe The Grand Jury situation happened after that. I was not present.

[pages 459 - 462 is missing From the same Appendix II, which has the pages about The Jury pool being in the courtroom before I was. Another reason why we need Those D.V.D's and The abuse of power they have over This matter.]

1 MR. HUFF: Yes, Your Honor. It's my understanding
2 that that motion was previously filed prior, as the Court's
3 already noted, before the superseding indictment, the
4 defendant was initially charged only with the firearm
5 violation. There's no -- there's no drug distribution count
6 in the indictment as a result of that. Prior counsel filed a
7 motion in limine to request that that information not be put
8 forth to the jury since it wasn't relevant to the charges.
9 Since that time, of course, the government has superceded and,
10 in fact, has filed drug charges in this case. So I believe
11 that argument is now moot.

12 THE COURT: All right. So I guess essentially, from
13 what I understand, the motion for the in camera review, that
14 has taken place, so we're now in the request for the
15 disclosure of grand jury transcripts, that has also been
16 resolved.

17 MR. HUFF: Yes, Your Honor. There has been a
18 representation that was made during the telephone conference,
19 which I believe was on the record by the government, that none
20 of the witnesses from the -- that testified before the grand
21 jury will be called to testify in this case and I can see no
22 other reason for requesting them, the notes, because I have no
23 other basis to request them, Your Honor. I'm withdrawing
24 that, as well.

25 Of course, I would preserve, without prejudice, my

1 ~~might to renew that motion as facts~~ and circumstances change

2 THE COURT: Right. We understand that.

3 MR. HUFF: Thank you.

4 THE COURT: So I guess then we're left with the
5 404(b) motion and with that, we will hear from the government

6 MR. DONNELLY: Your Honor, good morning. Your Honor
7 the 404(b) motion that's been filed in this case is premised
8 on the notion that the defendant has a number of prior
9 incidents at almost the very same location in Newark that
10 involve the location that is implicated by the current
11 superseding indictment. While the government will rely
12 substantially upon the paperwork that was filed in
13 anticipation of this hearing date and in the brief and the
14 supporting documents, I do think it's important to note that
15 the government -- the government's position is that we will be
16 able to sustain our burden in terms of the United States
17 versus Huddleston, the four-part test that was set forth in
18 Huddleston which is 485 United States 681, a 1988 case, which
19 essentially set forth the Supreme Court's view of how 404(b)
20 admissibility and the evidence of that 404(b) activity should
21 be considered.

22 In that Huddleston case, obviously, as the Court is
23 well aware, the goal of Huddleston was to protect against
24 unfair prejudice that might emanate from evidence that's
25 produced about other activity, other criminal activity or

F. Request To Renew A Motion For In Camera Review And Disclosure Of Grand Jury Witness Testimony

In his final request to the Court, Henderson seeks to “re-open a motion that [his] trial attorney dismissed,” i.e., a motion for “in camera view of the witnesses . . . that testified before the grand jury.” (ECF No. 64, at 2.) Henderson cites to the January 15, 2013 trial transcript, which contains a discussion between defense counsel, Michael Huff, and the Court concerning Henderson’s motions for *in camera* review of the testifying officers’ internal affairs and personnel records, and a separate motion for disclosure of the grand jury transcripts. (The Government attaches hereto as “Exhibit C,” *United States v. Jimmil Henderson*, No. 13-3155, Trial Appendix II.) A review of that transcript reveals that the Court had already conducted an *in camera* review of the testifying officer’s internal affairs and personnel files prior to trial. The transcript further reveals that defense counsel withdrew Henderson’s motion for disclosure of the grand jury transcripts because the witness that testified in the grand jury was not testifying at trial. See Exh. B at 6, 3:1-24. Defense counsel properly conceded that he had no basis to pursue that motion under the circumstances, and withdrew the motion accordingly. See id.

It appears that Henderson takes issue with his attorney’s decision to withdraw that motion, and perhaps seeks to raise an ineffective assistance of counsel claim under Title 26, United States Code, Section 2255. To the extent that Henderson is raising an ineffective assistance of counsel claim, the time to raise such a claim has long passed. To be timely, an initial § 2255 motion must be filed within one year after the date the conviction became final. 28 U.S.C. § 2255(f). Because Henderson appealed his conviction, and that appeal was denied, his judgment of conviction became final when the time expired for filing a petition for certiorari contesting the appellate court’s affirmation of the conviction. *See Clay v. United States*, 537 U.S. 522, 532 (2003). In this case, Henderson’s judgment of conviction became final ninety days after the Third Circuit denied his petition for rehearing. *See* S.Ct. Rule 13 (a petition for a writ of certiorari must be filed within 90 days after entry of the judgment or the denial of rehearing).

The Third Circuit denied Henderson’s petition for rehearing on September 24, 2014 and confirmed his conviction on or about September 30, 2014. See United States v. Jimmil Henderson, No. 13-3155 (3d Cir.), ECF Doc. No. 003111752493 (Sept. 30, 2014). Accordingly, Henderson was required to file a motion under section 2255 by no later than December 29, 2014, more than five years ago. Thus the time to revisit

proceeding that took place in this matter prior to November 17, 2011, was Henderson's arraignment. (ECF No. 3.) Given Henderson's failure to request these documents appropriately, Henderson's motion should be denied.

C. Request for Copy of Motion

Next, Henderson requests a copy of an omnibus motion he filed on or about August 3, 2012. (ECF No. 64, at 1.) The Government has attached hereto as "Exhibit B" a copy of the August 3, 2012 Omnibus Motion, docketed as ECF No. 17.

~~D. Request for Audio of Telephone Conference from August 2012~~

Henderson also requests the audio recording of a telephone conference he claims took place on either August 7, 2012 or August 15, 2012. Again, Henderson can appropriately make such a request by completing the audio recording request form attached hereto as Exhibit A. The Government notes, however, that it does not appear that there was a telephone conference on either of those days. A review of the docket in this matter shows that a telephone conference was scheduled in this matter on August 7, 2012, and was subsequently adjourned to August 15, 2012. (See ECF Docket Entry, dated August 6, 2012.) The docket does not reflect that a telephone conference was actually held on August 15, 2012. In fact, the next docket entry was on August 16, 2012, and notes that the Government filed a brief in opposition to Henderson's omnibus motion, which is the subject of his third request for relief in the instant motion. (ECF No. 18.) Accordingly, Henderson's request for audio recordings from August 7 and 15, 2012 is moot and should be denied.

E. Request for Jury Strike Sheets and "Its Entire Process"

Next, Henderson requests copies of "jury strike sheets" and "its [e]ntire process. First, Henderson's request fails to state with specificity what he means by "jury strike sheets" or "its entire process." Without clarity regarding Henderson's request, it is impossible to determine what relief he seeks, much less whether he is entitled to any relief in the first instance. Second, Henderson fails to cite to any legal authority supporting the notion that he is entitled to any relief at all. Given that it is impossible to determine what Henderson is seeking in this request, and he cites to no legal authority supporting the request, the motion must be denied.

SENTENCING

1 prosecutor, and the attorney for wasting your time. That's
2 it.

3 THE COURT: All right. Ms. Govan, on behalf of the
4 government?

5 MS. GOVAN: Thank you, Your Honor.

6 ~~I will be brief but just note for the record that the~~
7 ~~government does rely largely on the papers that were submitted~~
8 ~~on June 4th of this year. 2013~~

9 Your Honor, we're here today because of the choices
10 that the defendant made over the course of the past 15 years.
11 For the past 15 years, he's had eight felony convictions, a
12 total of at least 18 arrests, and we understand that history
13 can either be a good teacher or history can be a predictor of
14 what is going to happen in the future. And in this case,
15 while the defendant suggests that he's learned his lesson at
16 this point, it's clear that he had not learned his lesson
17 previously. He understood, based on what happened in his
18 past, that if he sold drugs and he was arrested, he was going
19 to go to jail.

20 Now, his life appears to -- based on the PSR and the
21 information that we learned at trial, what it appears is that
22 he's had not only ^{DA} choices but a lot of chances. He's had the
23 choice to either pursue his career in the music industry,
24 pursue a career doing construction based on a skillset that he
25 claims that he has, or he could choose a life on the streets.

— This Walkman was stolen in U.S.p. Victorville when I went to SHU on July 28, 2022. I bought a new one because it was bigger and had a plastic case and the one on this ink receipt, the slide for the batteries was broke because of how many times I Dropps it, but I had to put tape on it to keep it closed.
